CCNA-trained networking enthusiast with hands-on experience in routing, switching, VLAN configuration, OSPF, EIGRP, RIP, NAT, and ACL implementation. Skilled in TCP/IP, subnetting, and network troubleshooting using Cisco Packet Tracer and Wireshark.

EDUCATION

B.E Computer Science and Engineering – KSR IET	2021 – 2025 | Tiruchengode, Tamil Nadu
CGPA: 6.5	
12th - Acharya Higher Secondary School	2020 – 2021 | Salem, Tamil Nadu
Percentage: 81%	
10th - Acharya Higher Secondary School	2018 – 2019 | Salem, Tamil Nadu
Percentage: 75%	

TECHNICAL SKILLS

- Programming Languages: Java, C.
- Web Development: HTML, CSS, Java Script.
- Developer Tools: Git, GitHub, VS Code.
- Networking: Routing, Switching.
- Operating Systems: Windows, Basic Linux.
- Tools: Cisco Packet Tracer, Wireshark.

PROFESSIONAL TRAINING

CCNA Training – Greens Technologies, Chennai

October 2025 – January 2026

- Completed comprehensive CCNA training with strong hands-on experience in networking fundamentals, routing, and switching.
- Configured routers and switches, performed IP addressing and subnetting, and implemented VLANs, OSPF, EIGRP, NAT, and ACLs in lab environments.
- Gained practical experience in network troubleshooting and connectivity issue resolution.

HANDS-ON PROJECTS

Enterprise Network Simulation

- Designed and configured a small enterprise network simulation using Cisco Packet Tracer.
- Implemented VLANs, switching concepts, and inter-VLAN routing, and configured dynamic routing protocols including OSPF and RIP between routers.
- Enabled NAT for internet access and applied Access Control Lists (ACLs) for traffic filtering and network security.
